

Standing In The Sun

Howie Day

Wanna turn it round for you
Don't turn away
I wanna turn it round for you
Don't turn away I know you and I shoulda known better
I know you and I turning in
Well I don't mind and you don't care
If you and I go down
And we come undone
Find us a way out I wanna turn it round for you
Don't turn away
I wanna turn it round for you
Don't turn away Standing in the sun
I shoulda gone out there
Standing out but I am giving in
Well I can't find where I am
Standing on the edge
Of a curtain call
Is it good as done? I wanna turn it round for you
Don't turn away
I wanna turn it round for you
Don't turn away Standing in the sun
I can recall the looks on their faces
I would have turned around for you
For you I know you and I could have done better
I know you and I are turning in
I don't mind if you care
You and I go down
And we come undone
Turn it inside out I wanna turn it round for you
Don't turn away
I wanna turn it round for you
Don't turn away
Yeah Don't don't don't turn away
Don't don't don't turn away
Don't don't don't turn away
