

Fall Down

Phillips, Craig & Dean

What can I say? That you have never heard
What can I offer you?
And where can I go that you have never been
That you can't lead me through

Take my prayer, hear this cry
Only you can satisfy

Fall down on me and drop me to my knees
Pour over me, I'm deeper than the sea
Rain on me with a love, until I've drown
I need you to fall down

Well, if I had one place, just one place to be
Well, I'd be at your feet
And if I had one prayer, I know what I'd pray
I'd ask you to fall down on me

Take my prayer, hear this cry
Only you can satisfy

Fall down on me and drop me to my knees
Pour over me, I'm deeper than the sea
Rain on me with a love, until I've drown
I need you to fall down

Take my words, hear this cry
Only you can satisfy

Fall down on me and drop me to my knees
Pour over me, I'm deeper than the sea
Rain on me with a love, until I've drown
I need you to fall down, yeah, yeah

I need you to fall down
Fall down, to fall down on me
Fall down, to fall down, fall down
I need you to fall down
