

# Forever

## Moby

Two simple places  
We wanted to go  
Two simple things  
You wanted to know Everything around  
I could not see  
I wish I'd known  
How much you loved me  
Oh  
We could feel this way forever  
(2X)  
I watched the sun  
Cause it touches you while you sleep  
You gave me something  
That I wanted to keep  
I see you smile you smile like a little child  
And hold you crying when it all goes wild Oh  
We could feel this way forever  
(6X)
