We Won't Stop

John Landry

If I pull in my truck
And you climb up inside
And I fall back in love
If you so much as smile
If I taste your kids
And your hand fits in mine
Weâ€™ll drive off like kids
And we donâ€™t stop this time
We wonâ€™t ever need to sleep
Weâ€™ll go all night long
Buy a ? ?
Put on our favorite song
You kick off your shoes
And Iâ€™ll pour out the wine
Weâ€™ll dance on like fools
And we wonâ€™t stop this time
No weâ€™ll go on and on and on and on and on
No we wonâ€™t slow down
Go round and round and round and round the sun
We wonâ€™t burn out
Weâ€™ll grab forever like itâ€™s ours to take
Leave the past forget the breaks
Pick up right where we left us behind
No and we wonâ€™t stop this time
Iâ€™ll pull down the shades
Youâ€™ll turn the lamp stand off
Girl itâ€™s never too late
To make up for all we lost
My fingers on your skin
You soul and mine collide
And weâ€™ll start giving in
And we wonâ€™t stop this time
No weâ€™ll go on and on and on and on and on
No we wonâ€™t slow down
Go round and round and round and round the sun
We wonâ€™t burn out
Weâ€™ll grab forever like itâ€™s ours to take
Leave the past forget the breaks
Pick up right where we left us behind

No and we wonâ€™t stop this time
When the morning light
Comes shining through the glass
Iâ€™m gonna look right into your eyes
That doubt is gonna come
Flying through our minds
Have we made a big mistake
Should have never crossed that line
Iâ€™ll laugh and you will too
Cause weâ€™ll know we got to right
Love is what weâ€™re made to do
And we wonâ€™t stop this time
This time
