Lo-Pro

Please forgive me, I don't think I'm the same
Reconnect me and program back the haze
No way I could ever be the same
If I could have one day to sweep this all awayI'd find a million ways to feel nothing
I'd find a million ways to be free
And everything I've lost will mean nothing
And everything I am will be meReinsert me and I won't ever wake
This has hurt me and I don't want to stay
No way I could ever be the same
If I could have one day to sweep this all awayI'd find a million ways to feel nothing
I'd find a million ways to be free
And everything I've lost will mean nothing
And everything I am will be meRedefining, adjusting to this place
Understanding, I know what it
I know what it will takeI'd find a million ways to feel nothing
I'd find a million ways to be free
And everything I've lost will mean nothing
And everything I am, and everything I am will be me
