

The Nun's Litany

The Magnetic Fields

I want to be a Playboys bunny
Id do whatever they asked me to
Id meet people with lots of money
And they would love me like I loved youI want to be a topless waitress
I want my mother to shed one tear
Id throw away this old sedate dress
Slip into something a tad more sheerI want to be an artists model
An Odalisque Au Naturel
I should be good at spin the bottle
While Ive still got something left to sellI want to be a cobra dancer
With little Willie between my thighs
I may not find a cure for cancer
But Ill meet plenty of single guysI want to be a brothel worker
Ive always been treated like one
If I could be a back-street lurker
Id make more money and have more funI want to be a dominatrix
Which isnt like me, but I can dream
Learn S&M and all those gay tricks
And men will pay me to make them screamI want to be a porno starlet
For that Ill wait til Mamas dead
Ill see my name in lights of scarlet
And get to spend every day in bedI want to be a tattooed lady
Dedicated as I am to art
Character's bold, complex and shady
Will write my memoirs across my heart
