

Rose

[NLT](#)

My love, don't you know you're all that I think of ?
Many days have gone I'm away from you
Said, you'd be at home just waitin' by the phone
Still ain't talk to you My love, thought we understood that my heart's true
I'm runnin' out of time, girl, I need you
I spend up my last time, I'm not gonna sleep tonight
'Til I hear your voice Where is my rose, the one I gave to you?
Where is my rose? Don't say we're through
Where is my rose? You know I'm missin' you
Has it wilted in the cold? Where is my rose, yeah?
Where is my rose, yeah? My love, rememberin' your eyes
