Nothing to Hide

The Rates

we all decide how to draw the line
we've all got something to hide
stairs of light, crazy pen recite
we've all got something to hidewell we're gonna wait wait, see what comes after
wait wait, harder not fasterwe fight the tide, set astray by pride
we've all got something to hide
clean and dried goes off morning side
we've all got something to hidewell we're gonna wait wait, see what comes after
wait wait, harder not faster
