Luminous Lyrics
We see the day trying to fight it
It's all in vain, cause we know the
night wins
But we don't care, we'll fight it
up like a flare
It's so unreal, the light that
you're shining
You make me feel like the darkness
won't matter
Cause you and i don't care when
the day is gone
We don't need the break of dawn
We don't need the break of dawn
(Chorus x2)
And i will always know where you are
Cause i can see you glow in the dark
We got the stars and moon in us
We're always gonna be luminous
The world is frozen, your body's warm
We fall out of our bed the city falls
asleep and we're reborn
Won't bother to seize the day
We don't care, no, cause
We own the night,
As soon as you kiss me
The sun'll hide
Ain't gonna miss it
Cause you and I don't care when the
day is gone
We don't need the break of dawn
(Chorus x2)
