

Back to You

Side Walk Slam

All this time
I was yours
You said you were mine This I'll say to you
I won't come back now
Back to you Mistakes were made
I can't forget
Do you know you're wrong? This I'll say to you
I won't come back now
Back to you And you were once everything
How things have changed
Now I see your ways I won't come back now
Back to you (2x)
