We Came

Adelitas Way

I came to stomp all of you out again
Sending never left me but they're worrying now we'll knock your sense in
'Cause I don't like just what you are
I don't like your point of view
You send them somewhere else to lay
Show me why we cameHate the little desert you'll be fooled in flame
I think it's time I showed you why we came
I'm a little smarter, and I ain't playing games
I think it's time I showed you why we came
I think it's time I showed you why we came
I think it's time I showed you why we cameI tamed all that you know, the end
Should have never left me
'Cause you feel it now, so stop pretendingHate the little desert you'll be fooled in flame
I think it's time I showed you why we came
I'm a little smarter, and I ain't playing games
I think it's time I showed you why we came
Think it's time I showed you why we came(Solo)I came to stomp all of you out, again
Should have never let me
'Cause we're worried now we'll knock your sense inHate the little desert you'll be fooled in flame
I think it's time I showed you why we came
I'm a little smarter, and I ain't playing games
I think it's time I showed you why we cameHate the little desert you'll be fooled in flame
I think it's time I showed you why we came
Think it's time I showed you why we cameIt's why we came
It's why we came
To show you why we came
