

Killing a Stranger

Velvet Acid Christ

Burning eyes
Burning face
Burning mind
Screams in pain
Empty look inside of you
Seems to cut through in your fearKilling a stranger
Killing a stranger
Killing a strangerDeeper
It's drowning view
Till it's turning blue
In your fear
Anger
Seems to follow you
? inside of you
Comes little through
Killing a stranger
Killing a stranger
Killing a strangerDarling
It's the end of you
Comes tearing through
Till we see in you
Stepping your point of view
It's the end of you
In your fearKilling a stranger
Killing a stranger
Killing a stranger
Burning eyes
Burning face
Burning mind
Screams in pain
Empty look inside of you
Seems to cut through in your fearKilling a stranger
Killing a stranger
Killing a stranger
