

# Where Would We

[Keyshia Cole](#)

I been down before, many times before  
And then again  
Keep on, don't let nobody steal ya joy, oh no  
I don't wanna be, I don't wanna be Just another woman from these streets  
I can't help the cards I'm dealt, oh no  
But it's up to me to change my life  
And everything around me Constantly, see I'm workin' on me  
And I'm seeing myself where I want me to be  
But nothing's gonna change unless I start with me  
And I'm starting today And I'm making a change  
And I ain't tryin' to say that I don't need love  
'Cause where would be without it?  
Oh, where would We go?  
(Where would we go?)  
Where will we go, go?  
(Come on)  
(Where will we go?) I was runnin' around tryin' to find myself  
Or either Frankie within the city's radius  
People would make fun  
But it made no difference to me 'Cause love is love  
That's where life began to sink in  
Do what you gotta do, and you gotta do something  
I coulda took the easy way out I didn't really wanna take that route on my way here  
Ran into some things were no good for me  
Some ups and downs, smiles and trials  
Things you got through to become who you are I didn't really find too many friends  
But the ones I had I cherish  
And out of those three, I can really say  
That one's 'til the end of time And I know life's so  
Life can be so hard on ya soul  
But without love where will we go? We go?  
(Do you need it?)  
Where will we go, go?  
(Where will we go?) Hey  
Do you need it?  
I need it  
Do you need love? Hey  
Gotta take some time out  
(We go?)

(Where will we go, go?)I took a little time  
To get to know me  
(We go?)  
(Where will we go, go?)Can you dig it?  
Can you feel me?  
Well, put your hands in the air  
One time
