

# Gone Too Long

Jadakiss

Its been to long and I cant do this baby  
said your comming home but youve been gone to long  
Its been to much of the same thing baby i cant take no  
more you been gone to long

It started off asking you to pray for me  
now im on the phone begging you to wait for me  
I've completed alot of programs so when i see the  
board now they should have a date for me, I hear it  
in your voice that your getting tired when i ask do u  
love me you getting quit love me one day at a time im  
just gettin by it when the meda runs out time get expired

Its been to long and I cant do this baby  
said your comming home but youve been gone to long  
Its been to much of the same thing baby i cant take no  
more you been gone to long

This jail shit is corny really startin to bore me and  
you gettin fed up on top of that you horny i knew that  
would happen cause u couldnt assure me you dealt with a  
niqqa that did time way before me you aint look happy to  
see me when you saw me you dont even write me back you just  
ignore me you dont even answer the jack you just record me  
guess i been gone to long you cant support me

Its been to long and I cant do this baby  
said your comming home but youve been gone to long  
Its been to much of the same thing baby i cant take no  
more you been gone to long

In the pentantitary my name rank when i come home its  
the same thing guess you gotta take what the game brings  
niqqaz change but alot will remain wayne thinking about it  
while i sit here besides like aint shit fair i aint herd from  
her this year guess i'll try to make it better when i get there

Its been to long and I cant do this baby  
said your comming home but youve been gone to long  
Its been to much of the same thing baby i cant take no  
more you been gone to long

See i been holding you down for a minute and its been like  
forever since we did it and the nights have been hell without  
you baby and everyday i feel like im going crazy cause you told

that this would be the last time but u said the same thing last time  
and i promised myslef that im through cryin so i guess imma have to  
leave him behind

Its been to long and I cant do this baby  
said your comming home but youve been gone to long  
Its been to much of the same thing baby i cant take no  
more you been gone to long
