

Music For Love

Mario

Right about now Girl, turn me up
And let me come through your speakers
Blow the sound out of your tweeters
'Cause baby girl, this is the music for love Shawty, don't be scared
Just let the bass line hit you
Boom, boom, all up in your system
'Cause baby girl, this is the music for love Girl, let my frequency just flow through your body
Get this party started 'cause baby, baby
Girl, this is the music for love Put me on repeat, girl
Let's go again and again
No matter AM or FM
'Cause baby girl, this is the music for love Wow, we could play the music loud
Whenever nobody's around
'Cause if the sound, it starts to wake up the neighbors
We gonna have to turn it down, down, down, down I'm about to have a real eruption
There's gonna be no interruptions
Baby, come push my buttons
I'll show you all my functions Press play and let me start
Fast forward to your favorite part
After we done hit rewind
We'll go back to the top Girl, turn me up
And let me come through your speakers
Blow the sound out of your tweeters
'Cause baby girl, this is the music for love Shawty, don't be scared
Just let the bass line hit you
Boom, boom, all up in your system
'Cause baby girl, this is the music for love Girl, let my frequency just flow through your body
