# Butcher Baker Candlestick Maker

## Panda Bear

god my god
my dog has a broken leg
grip this grab that have that
an empty bag
grip this grab that have that
an empty plug in

and ones a friend of mine
and ones a gemini
and ones a friend of mine
oh wait Iâ€™ll wait a while

really shouldnâ€™t bring that other guy

dig begin
this pad has a bigger grid
grip this bag have that
an empty bag
grip this grab that have that
an empty plug in

at once a bend of mind
and one gets left behind
at once a bend of mine
oh wait Iâ€™ll wait a while

really shouldnâ€™t bring that other guy
