Only You and You Alone

The Platters

Only you can make all this world seem right
Only you can make the darkness bright
Only you and you alone can thrill me like you do
And fill my heart with love for only youOnly you can make all this change in me
For it's true, you are my destiny
When you hold my hand I understand the magic that you do
You're my dream come true, my one and only youOnly you can make this change in me
For it's true, you are my destiny
When you hold my hand I understand the magic that you do
You're my dream come true, my one and only you(One and only you)
