## Radiohead

Blow into this paper bag  
Go home and stop grinning at everyone  
Blow into this paper bag  
Go home and stop grinning at everyone  
It was nice when it lasted but now it's gone  
It was nice when it lasted but now it's gone  
Blow into this paper bag  
Take your armor off, you're not under attack  
Take your armor off, you're not under attack  
Come on, come on  
Blow into this paper bag  
Go home, stop grinning at everyone  
Blow into this paper bag  
Go home, stop grinning at everyone  
That they were honeybees on a blade of grass  
Take your armor off, you're not under attack  
[Incomprehensible]  
Blow into this paper bag  
Blow into this paper bag
