

Baptised in Fire

Grand Magus

In a cavern- Of deep despair
All alone- surrounded by stoneThe serpent's poison - Searing the skin
A flicker of light - The pyre grows brightHe took the revenge
He fed the flame
Forever in rapture
Forever reignBaptised in fire
Born within the flame
Thoughts so hollow - Take on a new meaning
His mission apppears - No longer be hallow, my sonBlack cauldron boils - Taste the brew
No more lying - Fire, the guiding light
He took the revenge
He fed the flame
Forever in rapture
Forever reignBaptised in fire
Born within the flame
