

In Spite Of

Saybia

I ain't as beautiful as you
I ain't as beautiful as you
In spite of the fact
That I ain't noticed in a crowd
I know it ain't all bad
I know that ain't all bad
If I look the right direction
In my mind
In the castle where I am the king
I will build up my arms
Until I cross my borders to conquer the world
On my one way crusade
I ain't as clever as I seem
I ain't as clever as I seem
In spite of the fact
That I am learning every day
I know that ain't all bad
I know, it ain't all bad
If I look the right direction
Oh, direction
In my mind
In the castle where I am the king
I will build up my arms
Until I cross my borders to conquer the world
On my one way crusade
Oh, anybody there
I say
I ain't as beautiful as you
I ain't as beautiful as you
But I may return though
To see the beauty of it all
I know that ain't all bad
I know it ain't all bad
If I look in the right direction
In my mind
In the castle where I am the king
I will build up my arms
Until I cross my borders to conquer the world

On my one way crusade, I said

I say

Oh, I say

I say, I say

Things ain't always bad
