Just Say Yes

Blue Sky Riders

Can I love you more?
Than I do right now
Let's find out,
Let's find out,
Let's find out,
Could it be forever
Just a little bit more
Let's find out
Let's find out
Turn the radio on,
Find a little
Rock and roll
Roll the windows down
Let's go
Does anybody really know
What tomorrow will bring
Close your eyes,
Jump on in,
Let love do the rest
All the worries in the world,
Don't mean anything
Just keep sayin'
Just keep sayin'
Just keep sayin'
Yeah
Can there be more fire
In a single kiss
Let's find out
Let's find out
Let's find out
Baby from now on
There ain't nothing but blue skyLet's find out
Let's find out
Let's find out
Baby you're a little bit scared
That's only natural
Take a hold on my hand
Let's go
Does anybody really know

What tomorrow will bring
Close your eyes,
Jump on in,
Let love do the rest
All the worries in the world,
Don't mean anything,
Just keep sayin'
Just keep sayin'
Just keep sayin'
Yeah!
Does anybody really know
What tomorrow will bring
Close your eyes,
Jump on in,
Let love do the rest
All the worries in the world,
Don't mean anything,
Just keep sayin'
Just keep sayin'
Just keep sayin'
Yeah!
Just keep sayin'
Just keep sayin'
Just keep sayin'
Yeah!
