

Close Up

Anton Ewald

Girl you got a perfect figure
Been checking you from tip to toe
And I
Got a thousand mental pictures
But now I wanna get up close
Yeah Girl you got me going
Ohhhhh
When I see you posing
Ohhhhh
Girl I wanna see you closer, closer, closer
With your clothes off I'll show ya
Just how much I
Been thinking about it
I'm trying to picture your body
Girl I wanna zoom in on you I can't even imagine
What it would be like
Girl I wanna zoom in on you Girl let me get that
Close Up
Now give me that
Close Up
Girl let me get that
Close Up
Uh
Now give me that
Close Up Don't wanna wait another second
And girl I know you feel the same
Just like a camera we be clicking
Girl I just wanna freeze the frame
Yeah Girl you got me going
Uhhhhh
When I see you posing
Uhhhhh
Girl I wanna see you closer, closer, closer
With your clothes off I'll show ya
Just how much I
Been thinking about it
I'm trying to picture your body
Girl I wanna zoom in on you I can't even imagine
What it would be like

Girl I wanna zoom in on you Girl let me get that
Close Up
Now give me that
Close Up
Girl let me get that
Close Up
Uh
Now give me that
Close Up Girl
So much more than meets the eye
And
I..I got one glimpse into your sky Been thinking about it
I'm trying to picture your body
Girl I wanna zoom in on you I can't even imagine
What it would be like
Girl I wanna zoom in on you Girl let me get that
Close Up
Now give me that
Close Up
Girl let me get that
Close Up
Uh
Now give me that
Close Up Girl let me get that
Hey
Now give me that
Close Up
Girl let me get that
Uh
Now give me that
Close Up Girl I've seen you from a distance
I can't pull myself away (2x)
Want a taste of your perfection, perfection
Gotta see every detail (2x)
Let me get a closer look (2x) Wanna zoom in on your naked eyes
You're like a tattoo on my lens
Gotta cover every inch
I don't wanna miss a thing Oh No
Girl let me zoom
Just let me zoom
I wanna zoom
In on you (2x) Close up (3x)
Close up (3x)
Close up (3x)
Close up (3)
