

# Rainbow in the Sky

Ziggy Marley

There's a rainbow in the sky all the time don't be blind  
There's a rainbow in the sky all the time don't be blind don't be blind Said you I'm living in my fantasy  
But is you who are blinded from reality  
The material world mean so much to you  
You just can't get what I'm telling you There's a rainbow in the sky all the time don't be blind don't be  
blind Cause in a town called sorrow there was joy  
Yes and there I met the painless tear  
Freed he expressed emotions that egos fear  
My life is full of colors yeah my mind is clear There's a rainbow in the sky rainbow in the sky Found I mercy in  
every sunrise  
I am born again from the womb of the night  
All I have I have left behind  
Minds' eye eyes eye a light will shine There's a rainbow in the sky all the time don't be blind don't be blind  
Rainbow in the sky rainbow in the sky
