theres nobody in this wrld that cld ever take ur place

quiero darte todo mi amor

theres nobody in this world that cld ever take ur place

girl im trying to love you but you jst wont let me  
i wna touch every inch of ur body slow and sexy  
conversation love jams or whateva  
tell me whut u hide in the corners of ur mind  
turn off ur world girl and we cld live inside a dream  
like a movie of the sexiest things uve ever seen  
dont mean to cross the line or even think id disrespect  
but im burning with a passion my mind is in a wreck  
and when u look into my eyes its like a magnet  
pulling me convincing me that girl i gta have it  
maybe im trippin maybe u dont even notice me but then u  
smile and once again ur taking over me  
que tu quieres q te diga mas intenso cada dia  
no puedo resisitir la fantasia  
its like my veins are full of fire cant stop it  
u got the key to all my dreams so please unlock it

quiero darte todo mi amor  
me robastes el corazon  
voy a estar contigo hasta el final  
baby i jst wna let u know  
theres nobody in this world that cld ever take ur place

yeah yeah  
cmon

i know u prob think that i cld never be that person  
got my mind all tangled up and im at the point of cursin  
sometimes i think that i shld jst forget this whole desire  
that u was meant for someone else  
but then i know im lying to myself  
i cant run from the truth and desipate the moments  
that im standing close to u this is like a game  
and i was meant to be the winner  
losings not an option i can feel it when im with her  
but then she says maybe we can jst be friends  
that weve been thru a lot together this cld ruin everything  
im saying mama pls open up ur eyes open up ur mind  
its plain to see that u was meant to be with me  
quiero darte todo todo mi amor  
me estas matando y destrosando cuando dices que no  
girl give me tonight and i promise that ill change ur mind  
until ur beggin me to love u girl like every night

quiero darte todo mi amor  
me robastes el corazon  
voy a estar contigo hasta el final  
baby i jst wna let u know  
theres nobody in this world that cld ever take ur place

i tried to tell u lil mama that i need u
