Forward Motion

TimothyP

Let's keep it moving in a forward motion
If we can hold on we can cross this ocean
There's no sense in lettin' our emotions
Get in the way until the door keeps closin'
If we sort this out
Would we know how to live like we were different?
I know we've both had some doubts
Whether things would come around and look at us now
I'm not trying to tell you how to live your life
But let's keep it moving in a forward motion
If we can hold on we can cross this ocean
There's no sense in lettin' our emotions
Get in the way until the door keeps closin'
Let's keep it moving in a forward motion
If we can hold on we can cross this ocean
There's no sense in lettin' our emotions
Get in the way until the door keeps closin'
I never thought we'd doubt whether this world would come around
And work itself out
But it's more than a sound when it moves everyone around
Are you ready now?
And I'm not trying to tell you how to live your life

But let's keep it moving in a forward motion
If we can hold on we can cross this ocean
There's no sense in lettin' our emotions
Get in the way until the door keeps closin'
Let's keep it moving in a forward motion
If we can hold on we can cross this ocean
There's no sense in lettin' our emotions
Get in the way until the door keeps closin'
I won't be afraid, your hands they cover me
It's so worth it
I can't let it fade my hands are high and raised
'Cause it's worth it
And I'm not trying to tell you, I'm not trying to tell you
And I'm not trying to tell you how to live your life
But let's keep it moving in a forward motion
If we can hold on we can cross this ocean

There's no sense in lettin' our emotions
Get in the way until the door keeps closin'
Let's keep it moving in a forward motion
If we can hold on we can cross this ocean
There's no sense in lettin' our emotions
Get in the way until the door keeps closin'
