

Thunder

Chloe x Halle

lighting across the sky
beauty that paralyzes, oh i, oh i
i'm not scared, i wanna try
you're a storm, i can't deny, oh i, oh imy baby gone, he got me so high
is heaven's door right next door to my heart
don't even know what the dii-€erence is
don't even know what the dii-€erence is
my baby told me that i'm in love
but no, i'm tripping tripping, did he slip me a drug?
don't even know what the dii-€erence is
can't even tell you what the dii-€erence is
just know i feel that rain, it's coming towards you
just know i feel that rain, it's coming towards you
feel that rain, it's coming towards you
feel that rain, it's coming towards youwatch it electrify
blazes across the sky, oh i, oh imy baby gone, he got me so high
is heaven's door right next door to my heart
don't even know what the dii-€erence is
don't even know what the dii-€erence is
my baby told me that i'm in love
but no, i'm tripping tripping, did he slip me a drug?
don't even know what the dii-€erence is
can't even tell you what the dii-€erence isjust know i feel that rain, it's coming towards you
just know i feel that rain, it's coming towards you
feel that rain, it's coming towards you
