

Strawberry (Radiostorm.com: ALTERNATIVE)

Everclear

Never been here never coming back
Never want to think about the things
That happened today
Want to lay down on the warm ground
I think I'm going to need
A little time to myself
Don't fall down now
You will never get up
Don't fall down now
I ask you for a slow ride
Going nowhere
You look like Satan
You ask me if I want to get high
Couple of bags down in old town
You tie your arm and
Ask me if I wanted to drive
Don't fall down now
You will never get up
Don't fall down now
Last thing I recall
I was in the air
I woke up on the street
Crawling with my strawberry burns
Ten long years in a straight line
They fall like water
Yes, I guess I fucked up again
Don't fall down now
You will never get up
Don't fall down now
