

3Am

Mista Roe

Ice cream on the boardwalk, long walk on that riverfront
Whenever we in Shreveport, downtown
See you the type of girl that I wanna introduce to my momma
Picture us on the highway H-Town bound
Have a few words over lattes
That's how we spending our Mondays
Finish it with Karaoke at Josh Lounge
Every day should be a special occasion
Cause everything about you is so amazing, amazing

Pre Hook:

It's almost time for you to get off
And when you wind down we gone set it off
Them other dudes old news, they done took a loss
Cause you're all mine, you're all mine
Wait til you see what I have in store
We gone do a lotta things you ain't did before
Girl I'ma nickname you Cherie Amour
It's gonna be a long night, a long night
It's about to go down (til 3am), it's about to go down (til 3am)
And you know that we going downtown
It's about to go down (til 3am), it's about to go down (til 3am)
And you know that we going down til 3 in the morning
Russian Roulette in the casino
Rooftop of the El Dorado
I just wanna take you out
We can hit up Mojo's, 701Kings, or KoKo's
Premiere or maybe Warehouse
Girl it don't even matter as long as I'm rocking witcha
Promise I ain't worried bout a thing

Just wanna be with you baby when I'm at home in my city
