I Can

[Emilia de Poret](#)

Me without your touch
Is a kiss without the rush
Bring it on to me
Cause I know you got
The love I needI'm not gonna run away
I'm gonna let it go
I wanna let you know
You're incredibleI'm not gonna run away
I'm gonna let it go
I wanna let you know
You're incredible[Chorus]
If she can't (she can't)
Be the one
Then I can, (I can)
Just so you knowIf she can't (she can't)
Be the one
Then I can, (I can)
Just so you knowMe without your time
Is a kump without the high
Can't get over you
It doesn't seem to matter
how hard I tryI'm not gonna run away
I'm gonna let it go
I wanna let you know
You're incredibleI'm not gonna run away
I'm gonna let it go
I wanna let you know
You're incredible[Chorus]
If she can't (she can't)
Be the one
Then I can, (I can)
Just so you knowIf she can't (she can't)
Be the one
Then I can, (I can)
Just so you knowI can love you better than she ever can
I can love you better don't you understand[Chorus]
