The Great Flood

Fox Trot Rio

It's been too long , since i said i loved you
It's been too long , since i cared
It's been too long , since i said i loved you
It's been too long , since i caredWell my conscience is finally clear
I been waiting all these yearsWell it's raining , all day and night
The great flood , has come around
Well it's raining , all day and night
The great flood , has come around'Cos when my house is about to wash away
Rain is such a lonesome soundWell you said , you might be receiving
Oh i could tell it was all a bunch of lies
Well you said , you might be receiving
Oh i could tell it was all a bunch of liesWell i know there's been a lot's of heartaches
I've been suffering all my life
..... Suffering Mmmmmm Mmm
