Cheerleader

Nazareth

Legs up to her shoulders
All the way back down
She's not playin', she knows what she's doin'
And the word's out on the town
She wanna be a cheerleader
A cheerleader
She got the moves

She got the grooves
All the boys need herOh oh that's the way she wants to be
Cruisin' the touch line at a quarter to three
See her ? she wanna be a cheerleaderNow she's gettin' bolder
Now she gets around
She's not takin no for an answer
She's not getting downShe's a no teaser
A no pleaser
She got the drive
She got the jive
She's a big squeezerOh oh that's all she wants to be
Shake a little tush for the boys to see
Wanna be her ? a cheerleader
But what she wants the most
To be the perfect host
She wants to play the field all overShe needs it most of all
When it's too close to call
She wants to rock and roll all over
Yes all overLegs up to her shoulders
All the way back down
She's not playin', she knows what she's doin'
The word's out on the townShe wanna be a cheerleader
A cheerleader
She got the moves
She got the grooves
All the boys need herOh oh that's all she wants to be
Shake a little tush for the boys to see
Wanna be her ? a cheerleaderOh oh that's all she wants to be
Cruisin' the touch line at a quarter to three
See her ? she wanna be a cheerleaderSee ? her, wanna be a cheerleader
