## Cheerleader

## **Nazareth**

Legs up to her shoulders
All the way back down
She's not playin', she knows what she's doin'
And the word's out on the town
She wanna be a cheerleader
A cheerleader
She got the moves

She got the grooves

All the boys need herOh oh that's the way she wants to be Cruisin' the touch line at a quarter to three

See her? she wanna be a cheerleaderNow she's gettin' bolder

Now she gets around

She's not takin no for an answer

She's not getting downShe's a no teaser

A no pleaser

She got the drive

She got the jive

She's a big squeezerOh oh that's all she wants to be

Shake a little tush for the boys to see

Wanna be her? a cheerleader

But what she wants the most

To be the perfect host

She wants to play the field all overShe needs it most of all

When it's too close to call

She wants to rock and roll all over

Yes all overLegs up to her shoulders

All the way back down

She's not playin', she knows what she's doin'

The word's out on the townShe wanna be a cheerleader

A cheerleader

She got the moves

She got the grooves

All the boys need herOh oh that's all she wants to be

Shake a little tush for the boys to see

Wanna be her? a cheerleaderOh oh that's all she wants to be

Cruisin' the touch line at a quarter to three

See her? she wanna be a cheerleaderSee? her, wanna be a cheerleader
