

I Know What You Are

Carter Burwell

I look up at the sun rising
I know what you are
The shadows you cast on the lonely horizon
I know what you are You can't fool me
I've seen what you'll be
I know what you are
Lord knows I know
You put on the good show
I know what you are I looked in the glass your reflection escaped me
I know what you are
You lend me your own with the blindfold
Now I see
I know what you are You can't fool me
I've seen what you'll be
I know what you are
Lord knows I know
You put on the good show
I know what you are You can't fool me
I've seen what you'd be
I know what you are
Lord knows I know
You reap what you saw
I know what you are I ever knew... I ever know... I look up at the sun rising
Shadows cast on the horizon
I look up at the sun rising
I know what you are
