

This Is Your Night (DJ Enrie Workout mix)

Amber

This is your night
Dancing free until the morning light
Together forever 'cause, this is your night
And everything is gonna be alright Aww yeah, so in love with you
Aww yeah, it's too good to be true
Aww yeah, feelin' so brand-new, aww yeah, yeah, yeah You captured my heart, you're the key to my life
A vision of our love, that made me survive
Regaining the mood, that we're in, it's so real
It's time to move up, and to face what I feel, ooh This is your night
Dancing free until the morning light
Together forever 'cause, this is your night
And everything is gonna be alright Aww yeah, so in love with you
Aww yeah, it's too good to be true
Aww yeah, feelin' so brand-new, aww yeah, yeah, yeah Tonight with my spirits, the one that you call
I'm ready to stand up, and ready to fall
I can't find a way, so attracted by you
Let me be your girl, and I'll be so true, ooh This is your night
Dancing free until the morning light
Together forever 'cause, this is your night
And everything is gonna be alright Aww yeah, so in love with you
Aww yeah, it's too good to be true
Aww yeah, feelin' so brand-new, aww yeah, yeah yeah Dadadadadada, ditaitaidai
Dadadadadada, ditaitaidai
Dadadadadada, ditaitaidai
Ditaitaidai, ditaitaidai
Dadadadadada, ditaitaidai
Dadadadadada, ditaitaidai
Dadadadadada, ditaitaidai
Ditaitaidai This is your night
Dancing free until the morning light
Together forever 'cause, this is your night
And everything is gonna be alright Aww yeah, so in love with you
Aww yeah, it's too good to be true
Aww yeah, feelin' so brand-new, aww yeah, yeah, yeah
This is your night, oh
