[Bridge:]Said you wanted me to beat it up
Shit, Imma beat it up
Baby come get the D and, we gone get way heated up
My key in your ignition- pop the clutch and get to stickin'
(Hold on, baby before you speed it up go slow)
[Hook:]Go slow
(She aid the, slower you go, the slower the flow, the slower you go, it's more sex to go)
Slow
(The slower you go, the slower the flow)
You got more sex to go
[Verse 2:]Girl- my imaginations crazy, and your such a beautiful lady
I can see me inside you now
Oh girl- so slow (girl)
I role (girl)
But when I proceed to speed the tempo (girl)
Brace yourself Imma keep your feet up

Said you wanted me to beat it up
[Bridge]Said you wanted me to beat it up
Shit, Imma beat it up
Baby come get the D and, we gone get way heated up
My key in your ignition- pop the clutch and get to stickin'
(Said you wanted me to go slow-, slow-)
[Hook][Rap:]Would you mind if I rap this
I'm quite good at this
Not the rappin, baby the ass tappin
Plus the fact is that I will love smashin
Damn baby excuse the verb fashion
See what I mean is you was the word smashin
And what I dream, is you and me had passion
Ya fascinated with mad sweat sex
I ain't doin my job if you ain't wet yet
She said I'm wet as I can get
And she ain't trippin on my fashion in verb

Said she tends to like a lil more action than words
Said she wanted me to beat it up, skeet it up, right after the show, but I gotta go slow
[Bridge][Hook]
