

You and I (Vinceremo)

The Tenors

La fotografia di quel giorno in cui
Col sorriso tuo s'innamorava il cuore mio
Il domani e qui il mio posto è accanto a te
Combatterò, ... difenderò, l'amore della vita mia Vinceremo noi, Here we stand as one, vedrai
Vinceremo noi, Like the rising of the sun
We carry on together, we are one forever
Vinceremo noi, you and I Our love seems to be so blinded by fear
It's not 'til it's gone that we see it so clear
I was far from you, I was lost in endless night
Now I return to you once more, I see forever in your eyes Vinceremo noi, Here we stand as one, vedrai
Vinceremo noi, Like the rising of the sun
We carry on together, we are one forever
Vinceremo noi, lo e te, lo e te, you and I Grande il amore per te, tutto l'amore per te Vinceremo noi, Here we
stand as one, vedrai
Vinceremo noi, Like the rising of the sun
We carry on together, we are one forever
Vinceremo noi, lo e te
