Here We Go Again

B2K

Stop thinkin' people's on your jock
Tryna act like you got money but you at the bus stop
Oh please stop doin' what you do
'Cause ain't nobody lookin' at youOh oh no no here we go again
Oh oh no, oh no
'Cause ain't nobody lookin' at you, one more time
Oh oh no no here we go again, again
Oh oh no, oh no
'Cause ain't nobody lookin' at youWhen I pulled up in my ride it was four fly girls sittin' on the side
So I glanced to my left and I winked my eye
But they wasn't lookin' our way
So we rolled over there and tried to spit
But the main pigeon was tryna diss
So I stepped to my right and said excuse me miss
But ain't nobody talkin' to you soStop thinkin' people's on your jock
Tryna act like you got money but you at the bus stop
Oh please stop doin' what you do
'Cause ain't nobody lookin' at you
Stop thinkin' people's on your jock
Tryna act like you got money but you at the bus stop
Oh please stop doin' what you do
'Cause ain't nobody lookin' at youOh oh no no here we go again
Seen you at the bus stop chillin' with ya friends
Oh no you thought I was tryna get with you
But I really was lookin' at your friendOh oh no no here we go again
Seen you at the bus stop chillin' with ya friends
Oh no you think i was lookin' at you but
I really want the digits from your friendWhen I pulled up the light was red
Romeo hit the brakes and then he said
Look at the girl in the pink B2k what you think?
She look real cute in them jeans
She had me and my boys startin' to fiend
So she turned around I said turn back around
But you ain't what I'm lookin' for soStop thinkin' people's on your jock
Tryna act like you got money but you at the bus stop
Oh please stop doin' what you do
'Cause ain't nobody lookin' at you
Stop thinkin' people's on your jock
Tryna act like you got money but you at the bus stop

Oh please stop doin' what you do
'Cause ain't nobody lookin' at youOh oh no no here we go again
Seen you at the bus stop chillin' with ya friends
Oh no you thought I was tryna get with you
But I really was lookin' at your friendOh oh no no here we go again
Seen you at the bus stop chillin' with ya friends
Oh no you think i was lookin' at you but
I really want the digits from your friendBaby girl you can stay confused
'Cause I'm not talkin' to you
You're not tight ya not right ya
Not my type so take a hike I don't like
Don't like the way you fight wit me
With your vibe you can't get with no guy so don't try, don't tryOh oh no no here we go again
Seen you at the bus stop chillin' with ya friends
Oh no you thought I was tryna get with you
But I really was lookin' at your friendStop thinkin' people's on your jock

Oh please stop doin' what you do
'Cause ain't nobody lookin' at youOh oh no no here we go again
