

# One Way Serial

## Addiction Crew

[M & L by S. Guadagnoli]Break down the way

One - Connect the laptop to the net

Two - I'm gonna show you how to flow

Break free don't wanna be just don't wanna be

Search - need a number to your .exe

Crack - damn free to fuck all charge

Break free don't wanna be just don't wanna fall

Down, all so down, make me feel right now

Just One Way

[Chorus:]

That you need it for another day of life won

I wish to be the one

Just one way

So you're fading even when right

I wish to let me fall

nothing's better

This is my way

One - Contact the liar mailing list

Two - Gonna spread the serial code

Break free don't wanna be just don't wanna be

Search - Warning the line cut over phone

Crack - Spyware contaminates

Break free don't wanna be just don't wanna fall

Down, all so down, make me feel right now

[Chorus]

I don't give a shit what you think

I'm just a motherf\*\*\*\*\*r straight in your face so

Don't waste your time

Shut your mouth and get away from me

[Chorus]

that you need it, for another

Yes you need it, life now.
