

# Man Down

## Blind Trash

That's my word, God, kick that thug shit, God  
Kick that motherfuckin' thug shit man, word up, man  
(What's up, son? What's up?)  
Word up, get go  
(No doubt, nigga)  
Money no represent, knowI'msayin'?  
(All the time, baby)  
No doubt  
(YouknowI'msayin'?)  
Who we got here, son?  
(Shine, baby, shine)  
(Look)  
Look who we have here, yo  
(Up in the sky, sky)  
Here come the vultures, the Mobb-laced potent rap shit  
Perhaps, kid, make it happen, start the flippin'  
You fuckin' comic, who you kidding?  
My nigga's laughing, blood bathin', the world's greatest  
In-famous crime-zanous to interfere would be dangerous  
Plane descent, stand clear, save your strength  
You couldn't do the limp if you was coked up  
By my Z'd up, whatever the fuck, who gives a fuck? You get fucked  
My coalition specializes in collision  
The clash of the cliques, the duel o' the iron mac  
Spit and leave ya half-split  
You'll be missin' much more than a fraction when it's time for action  
Hit 'em while a man down, make that nigga backspin  
Trapped up, a [unverified] madman  
We blatin', you're collapsin', heavily light my gold Mac 10  
Get imprisoned with dem raps they have you relapsin'  
You get castin' the Mobb, deaf and assin'  
We face splashin', dope fake's ice-pick stabbin'  
He slow leakin', he 'ternally bleedin' for speakin'  
Outta place, niggas get placed back indecent  
Live at the main event may I present  
Screamin' out loud for any squad that's deaf  
My Infamous Mobb, ya heart throb, hold ya breath  
It's KO from dead arm rights and hard lefts  
Another satisfied consumer who got blessed

Single out ya army til' there's no man left  
Man down  
(Man down, down, down, down)  
Man down  
(Man down, down, down, down)  
Man down  
(Man down, down, down, down)  
Lay the fuck down  
Infamous cartel, visible evidence  
We scarred well, associated team benevolent  
Never hesitant, opposition get settled here with  
Sharp shit that'll rip through one hundred layers of Kevlar  
Sharp like the jim star, exiled, son, he get sent far  
He's the foulest, QBC gat bust the loudest  
Below profile, peep style, thirsty prowrest  
Catchin' court cases, pay for your legal aid  
Son, that's money wasted, I ain't got time for that  
Invest third place on my best sold rap  
On the scrap from the ignorant cats  
It'll be dead in a few, just like that  
Couldn't bust his gat right  
(Yo, y'know what?)  
But now you bucked your own man, amateur ass  
Homeboy take that ass to class  
But you cut in, duckin' a reality blast  
You catch a D minus fuckin' with New York's finest  
The conversation from them outsiders  
Dick riders, connivers bomb ya camp  
We know survivors, push you off guard, got homicidin'  
We analysin', tell you up front ain't no surprises  
We take you down first 'round, give ya man pound  
Man down  
(Man down, down, down, down)  
Man down  
(Man down, down, down, down)  
Man down  
(Man down, down, down, down)  
Lay the fuck down  
Check it out, dun, them niggas ain't ones  
To be blowin' off the top and shit, I'm tired of shit  
Dun, I'm about to dot the bitch and leave him stiff  
Toss me the fifth so I can bless the God with gift  
Yo nigga Noyd, what's the topic? Yo, the topic is this  
Let me start from the beginning at the top of the list  
First of all them tight niggas with that space-down shit

I stick a rocket up in they ass and give 'em a lift  
My marvelous Mobb is tonic, intoxicant, bee-swee  
Morphine raps, you get dope from inner mind-see  
Shit fienin', now get your fix 'cuz you need it  
Fuckin' up your intravenous, the Infamous Mobb top secret  
The only way you weakin' is if you beakin' this  
Sneak devy niggas mischievous  
'Knowledgin' the God behind the scene on some snake shit  
The vultures, water from their mouth but we can taste it  
We just waitin' with patience  
Yo, dun, check the cross-examination these niggas fakin'  
So you can scream, you can fiend, you can dream for the bacon  
Or you can snatch the Mac for the fagot, ai  
Bang 'em up, fuck 'em up  
Man down  
(Man down, down, down, down)  
Man down  
(Man down, down, down, down)  
Man down  
(Man down, down, down, down)  
Lay the fuck down  
Lay the fuck down, down, down, down
