

Fat Cat Keeps Getting Fatter

Squirrel Nut Zippers

Every dog will have its day
That's what people used to say
Nowadays that's not the case
There's a fat cat runs the place
Cat's away, the rats will surely go down
Listen up 'cause Im tellin' you the low down
What does it matter if he keeps getting fatter
What does it matter if fat cat's getting fatter? Fat cat keeps getting fatter
He comes in 'most every night
Wakes me up before daylight
All around that house of mine
It's pit pat, pit pat, pit pat, pit pat all the time
Cat's away, the rats will surely go down
Listen up 'cause Im tellin' you the low down
What does it matter if he keeps getting fatter
What does it matter that cat keeps getting fatter
Fat cat keeps getting fatter
Fat cat keeps getting fatter
