Against Myself

The Everyday Losers

truth turned lie, cliche works right
words burn, whatever happened to you
I feel life leave the face of me
my emotions drop, whatever happened to me
I'm lost without you
thanks for your honesty
you don't mean that much to me
you're running scared
but don't hate me, I've got myself for that
use me like a rusted lie weighted down
whatever happened to you
anchor dropped as I fell off I'm tied on tight
whatever happened to me?
