

Good Love

Keith Sweat

Good love, this is what I call love
Good love, don't get no better, babe
Good love, than your love No more to gain, baby
We're just taking off
For wiser love
If anybody asks you why you're not coming in
Tell them that you're sick in love with me I'm gonna be holding, squeezing, loving, teasing
You all day, baby
You all day, yes I am
You're gonna be kissing, squeezing, loving me crazy, girl
Till I just can't take it, baby
Take it no more, yeah, yeah
It feels so good, it feels so good, girl
When we loving each other, baby
Loving each other, all day long
It feels so good, feels so good
When we're holding each other, baby, all night long
Oh yeah, yeah, I'm feeling girl your lips
I really love your kiss
Good love baby, yeah
Oh baby, good love
This is what I call love, don't get no better, baby
Than your love When you bite your bottom lip, baby
It just tells me girl
That I'm doing that thang
That you liking
When I ask your, ask you girl
Whose lip is this, girl?
You tell me that it's mine
And hold me tight I'm gonna be holding, squeezing, loving, teasing
You all day, baby
You all day, yes I am
You're gonna be kissing, squeezing, loving me crazy, girl
Till I just can't take it, baby
Till your love
It feels so good, it feels so good, girl
When we loving each other, baby
Loving each other, all day long
It feels so good, feels so good

When we're holding each other, baby, all night long
Oh yeah, yeah, I'm feeling girl your lips
I really love your kiss
Good love baby, yeah
Oh yeah baby
This is what I call love, don't get no better, baby
Than your love Yeah baby, uh, I got you doing like you know that I like
Yeah, baby
The way you make your body move
Oh baby girl, you know you do it so right
I love it babe, I love it baby
Come on
Good love, good love
Baby yeah, yeah
Come on, oh baby, yeah
Good love, good love
