Day Tripper

Otis Redding

She was a day tripper girl, now
She give me a one way ticket there, y'all
It took me so, so very long, huh
I found out, I found out
I found out, children yeahShe took me out, yes she did

And then she teased me a little bit She told me she would love me

Teased me a little bit, y'all, huh, yeah

But I'll take the easy way out, girl, huh

I said I got a good reason now, huh

I'm gonna take the easy way out, huhShe was a day tripper girl, now

She give me a one way ticket there, y'all

It was so, so very long, baby, ha

I found out, I found out

Yes I didListen to me, let me tell you about her

She give me a hard time

Everything about that girl

Is good reason, children

I'm gonna take the easy way out, y'all, huh

I said I got a good reason, girl, yeah, huh

I'm gonna take the easy way out, nowShe was a day tripper girl, now, ha

A one way ticket to there girl

It took me so, so very long, y'all, huh

I found out, I found out

I found out, oh yeah

[Incomprehensible]Day tripper girl, yeah

She give me one way ticket there, y'all

It took me so, so very long

I found out, I found out, y'all

I found out, I found out
