

Hole in My Head (feat. Justin Timberlake)

Rihanna

Let's go! Uh You got a hole in your head

You got a hole in your head, girl

You got a hole in your head

You got a hole in your head, girl

You got a hole in your head

You got a hole in your head, girl

No use your lips keep moving, but I got a couple screws loose.

And other boys talking bout me, they say I'm bad miss, and probably best for you to keep it short, it's my turn,
don't interrupt it, don't take a lot to start me up

I think you really wanna do it right now, and now with me, start with me, I gotta, gotta, gotta gun on me.

Don't think you really wanna run your mouth, that's how I'm feeling while you down, you burn it do-ow-own

All over your radio, see me in your stadium, ask anybody, I'ma rep this for the ladies so, watch your tone
around me, Don't push my button, If you wanna see me get wild, ge-ge-get wild

I got a hole in my head, a hole in my head.

Sometimes I get crazy, and I ain't scared of nobody.

Don't look at me funny like you ain't hear what I said, I got a hole in my head, I am, I am.

I got a hole in my head I am, I am.

I got a hole in my head, I am, I am.

Don't look at me funny like you ain't hear what I said I got a hole in my head I am, I am

Buckle up, I ride just like a fast car, suck it up, don't even try to act hard, and you can try to run but you won't
get very far, and you can try to hide, but I know where you are

Let loose, I see right through you, you got a hole in your head too, and I knew it the very moment i met you, so I
hope you got your swagger up, you know just what I love doesn't take a lot to work me up

I think you really wanna do it right now, and now with me, start with me, I gotta, gotta, attitude on me, don't
think you really wanna run your mouth, thats how I'm feeling while I'm down, while I'm dow-ow-own

Catch me on your mind, baby, don't waste my time, baby.

Now watch me whine, you can take that as a sign, baby.

So left and right with me.

Now push my buttons If you wanna see me go wild, go-go wild

I got a hole in my head, a hole in my head.

Sometimes I get crazy, and I ain't scared of nobody.

Don't look at me funny like you aint hear what I said.

I got a hole in my head I am, I am.

I got a hole in my head I am, I am.

I got a hole in my head, I am, I am.

Don't look at me funny like you ain't hear what I said. I got a hole in my head, I am, I am Sometimes I go
crazy. Watch me, watch me.

Sometimes I go crazy Break it down I hear voices in my head, they go.

I hear voices in my head, they go.

I hear voices in my head, they go.
Uh, now go!
I hear voices in my head, they go.
I hear voices in my head, they go.
I hear voices in my head, they go.
Now go! I got a hole in my head, hole in my head.
Sometimes I get crazy, and I ain't scared of nobody.
Don't look at me funny like you ain't hear what I said.
I got a hole in my head, I am, I am.
I got a hole in my head, I am, I am.
I got a hole in my head, I am, I am.
Don't look at me funny
Like you ain't hear what I said.
I got a hole in my head, I am, I am You got a hole in your head.
You got a hole in your head, girl
You got a hole in your head
You got a hole in your head, girl
You got a hole in your head
You got a hole in your head, girl
