Waiting for them to come, they said
Said, "All God's children are evil, yeah, it sucks"

But we keep moving on

Waiting for someone to take them all away
Said, "All God's children are evil, yeah, it sucks"

But we keep moving on
Life is a real bitch
But we keep moving onMy face, magnified
Underneath broken glass
(You'll see it there)
Be good, don't tease
Keep your hands away
(You'll see it there)Sleep tight, feeling right
Staying clean, you'll know
(You'll see it there)
Goodbye
(See it there)My face, magnified underneath
Broken glass, broken glassLife is a real bitch
But we keep moving on

But we keep moving onLife is a real bitch
But we keep moving on
Life is a real bitch
But we keep moving on
