

One Love To Another

Edward Sharpe And The Magnetic Zeros

He'll come for he's helpful
She loves getting sunshine
Everything is alright
One love in the heart
It's a hard time a hard time
It's a hard time a hard time
It's a hard time a hard time
It's a hard time a hard time
La la la la la la la la
La la la la la la la la
It's a good time a good time
It's a good time a good time
It's a good time a good time
It's a good time a good time
