## Demi Lovato

Spitting fire back and forth now
Times have changed in just a few months
Neighbors complaining from the fights and
Why can't things be the same
And maybe I'm just a little bit cautious
Of what I'm gonna say
When I tell you I can't live this way.
But I don't know what to expect from someone who's so insane
Why can't I get through the night
Without another fight
I'm tired of the hurting
Is it really worth it?
Am I all alone again?
Cause I am kinda feeling like I'm screaming
With my mouth shut
When it's really open.
The only noises in my head
Are consumed of your voice
From all the pain and hatred
How long can you kick somebody down
Before a foot breaks?
And why can't I get through the night

Without another fight
I'm tired of the hurting
Is it really worth it?
Am I all alone again cause
I am kinda feeling like I'm screaming
With my mouth shut when it's really open.
And I knew that you would fabricate
This situation just for
The sake of your need for attention
And I'm sick of always being the one
To always break down, always melt down
In the end.
And maybe this time
It's a sign that independance and I
Are finally catching on
I don't need you to rely on.

And why can't I get through the night
Without another fight I'm tired of the hurting
Is it really worth it?
Am I all alone again cause
I am kinda feeling like I'm screaming
With my mouth shut
When it's really open.
Spitting fire back and forth now
Times have changed in just a few months.
