

Love Like Winter(Remix 2009)

[AFI](#)

Calm down. Come down
Cold resides with me
I flee to decemberunderground
As you exhale
I breathe in the waterunderground
and I'll grow pale
without youWarn your warmth to turn away
Here it's December every day
Press your lips to the sculptures and surely you'll stay
Love like winter
For of sugar and ice I am made, I am madeIt's in the blood, it's in the blood
I met my love before I was born
He wanted love, I taste of blood
He bit my lip and drank my warmth from years before
From years beforeShe exhales vanilla lace
I barely dreamt her, yesterday, yesterday
Read the lines of the mirror through the lipstick trace
"Por siempre"
She said, "It seems you're somewhere far away" to his faceIt's in the blood, it's in the blood
I met my love before I was born
She wanted love, I taste of blood
She bit my lip and drank my warmth from years before
From years beforeLove like winter, oh oh, oh oh
Love like winter, winter, three fourIt's in the blood, it's in the blood
I met my love before I was born
He wanted love, I taste of blood
He bit my lip and drank my warmth from years before
From years before
