

Pressure (feat. RKCB)

GTA

There's something I can take from your fingertips
But it's hard to only be the one you're playing with
Do I fake the fight to prove I'm right? I'm twisting that kind of heart of mine
Am I colorblind, don't turn my lights off
I'll catch the sun tonight Maybe I should go
Listen to the voices that are telling me
I shouldn't be here
Better take it slow
Under pressure, I'm not perfect, no
Could the pressure turn into a tired episode (under pressure, babe)
Under pressure, makin' our walls come down
Under the pressure pushing my heart right now Haven't seen the deep end anyways
Contemplate the feeling, looking for a reason to stay
Can you leave behind the times I tried to get you out my life?
But I need to feel ??? laying here, oh who's on your mind? Maybe I should go
Listen to the voices that are telling me
I shouldn't be here
But I need to know
Under pressure, I'm not perfect, no
Could the pressure turn into a tired episode?
Under pressure, makin' our walls come down
Under the pressure pushing my heart right now Are you looking for my attention?
Have you ever been under pressure?
You know that I love the tension
Well if that's what it is Maybe I should go
Listen to the voices that are telling me
I shouldn't be here
Better take it slow
Under pressure, I'm not perfect, no
Could the pressure turn into a tired episode?
Under pressure, makin' our walls come down
Under the pressure pushing my heart right now
