Shadows

Edith Frost

Open up your eyes
Cause there's a shadow outside
Open up your eyes
Cause there's something outsideWake up the drowsy friends
You've made along your way
Because there's shadows
On the horizon my friend
There's shadows on the horizonTake this amulet
Take this and go
And be on your way
That's all i got to sayYou're lucky you've come this far at all
You're near the end of your days
Because there's shadows
On the horizon my friend
There's shadows on the horizonTake this amulet
Take this and go
And be on your way
That's all i got to say
